

Research

Â The Society for Clinical and Experimental Hypnosis provides the SCEH Scientific Homepage. Here you will have free access to an interactive database of over 13,000 references to hypnosis-related material in scholarly journals and books, as well as presentations at professional meetings.Â If you are new to hypnosis research or are seeking a referral to a specialist, and would like to obtain some consultation, please contact Dean Abby at the Society for Clinical and Experimental Hypnosis Central Office.
